

Index Postal Codes

The following ZIP-Code Index contains any Post- Code which is approvable for the correct addressing.

- Post-Codes for addressing
- Post-Codes exclusively for P.O. Boxes
- Field Post-Codes
- Post-Codes of companies (Prospect- Post-Codes)
- Invalid Post-Codes **which may not be used anymore!**

Please replace an invalid, outdated post-code with the actual one, if found in your address list.

Post-Codes which exist only for a post office-internal use are not cited in the appendix. Please find the opening hours, relevant telephone numbers, our product range and more information on our internet platform: <http://www.post.at>

Please pay further attention to the field Adressierbar (Ja / Nein)
